

## Who we are

Discover Solutions is a premier Salesforce and Cloud Consulting company aimed at providing custom solutions to businesses' Salesforce and Cloud Technology needs.

Specialists in the implementation, integration, and maintenance of Cloud Technologies, we are a company dedicated to helping you boost sales, improve collaboration, optimize customer communication, and enhance overall business performance.

## What we do

With over a decade of experience in the cloud computing and Salesforce consulting and implementation business, we are a company of specialists. Our team of professionals features a wide range of certified experts spanning various fields of expertise. Utilizing this vast amount of experience in our repertoire, we provide small and medium-scale businesses with the most efficient and effective solutions tailored to fit their specific business needs.

We are a company with a proven track record of excellence. With a multitude of successful Salesforce implementations and customizations, as well as several custom-made cloud solutions for clients from various industries, we have successfully completed projects for the public and private sectors, including businesses in the finance, education, health, and retail industries.

Ours is a dedication to bringing this experience and expertise to bear on your business, providing the most efficient solutions to you in the process. Our dedication is to you and your business growth. Everything else comes next.
