

QUICKSTART—SALESFORCE CPQ

Standard Package—\$25,000

Timeline—6 weeks

QuickStart packages allow you to begin using Salesforce soon and hit the ground running. From our experience with hundreds of Salesforce CPQ implementations, we've discovered the best practices to give you a fast return on your Salesforce investment and lay the groundwork for long-term success. These recommended configurations allow you to begin using Salesforce immediately upon project completion and provide a solid foundation for your future Salesforce goals.
