01
About us

- We have been providing our clients with reliable solutions and in this short tenure we have successfully implemented many projects with personalized and agile approach, unlike other traditional consulting companies.
- Our top priority is to help you solve your biggest challenges and gain value from it.
- From start-ups to Fortune 500s, we help businesses of all sizes to get the most out of their Salesforce experience.

What differentiates us from other competitors is the disruptive pricing model and yet delivering quality & support.

We are a registered Salesforce Partner.

Data Security & Privacy our first Priority.

We respect the privacy and protection of your customer data. All our consultants are trained and experienced to handle sensitive consumer data.

At all time we comply with laws, to protect your rights, or to fulfill business obligations with the below protocols

- General Data Protection Regulation (GDPR), European Union
- California Consumer Privacy Act (CCPA), United States
- Privacy Center: Satisfy Customer Requests and Data Privacy Laws
- Health Insurance Portability and Accountability Act (HIPAA)

Service Offerings

Staff Augmentation

Hire contractors and pay for the time they work for you, no more staff overheads or attrition to worry about.

Many positives when doing it with us. Experienced, Certified Testers and Contractors having access to assistance where required. Moderated resources help you increase headcount without long term commitment.

Managed Services

Definitive Salesforce Team at your convenience, with consistent development & improvement as per your business needs.

Complete coverage of your Salesforce Services at a beneficial budget with minimal management involvement.

Salesforce upgrades and repairs with no impact on the underlying regular activities and pursuits.

Relieving critical resources to focus on strategic instances and business growth, rather on technical coherence.
