*“Advanced Communities has been an excellent partner to work with on the implementation of our Member Portal. Throughout the project, the AC team demonstrated strong expertise, professionalism, responsiveness, and flexibility to our organization’s needs. I was especially impressed by the time and attention the AC team dedicated to truly understanding our organization’s requirements and developing the solutions needed to better serve our membership and drive operational efficiency. It has been a pleasure working with Advanced Communities and I would highly recommend their services.”*

### Featured products/services

AC MemberSmart  
Experience Cloud

*“The Advanced Communities implementation team was very responsive to our unique needs and worked with us to create an effective, customized member portal solution which we will be able to leverage across multiple member communities. The training and support provided to ensure we are able to maintain our current member portal and begin design of new portals has been extremely valuable. Thank you AC Team!”*

### Featured products/services

AC Events Enterprise  
AC Job Board  
AC Partner Marketplace

*“Solid and flexible Salesforce Events app. This flexible app has enabled us to manage a wide range of member only, free and paid events and training. It has so many features that we needed out of the box, such as flexible pricing models, discounts, Zoom integration and each new update brings a set of additional features. The Advanced Communities team are knowledgeable, responsive and a pleasure to work with. Highly recommend.”*
