Synergy

YOUR DIGITAL MODERNIZATION JOURNEY STARTS HERE.

Synergy Business Innovation & Solutions, Inc. (Synergy), your trusted Information Technology services partner.

100-Day MVP: Utilize low-code application platforms (LCAP) and SaaS along with an agile "100-day MVP" methodology to reengineer business processes.

Synergy Labs & Innovation Center: Synergy's Innovation Lab employs Artificial Intelligence (AI), Machine Learning (ML), and Robotic Process Automation (RPA) technologies to build proof of concept (PoCs) for complex use cases.

SYNERGY BY THE NUMBERS

$1B Ceiling across two most prized single-award BPAs

50+ Federal Projects

6 Cabinet-level Departments supported

4.35 Average CPARS rating

95%+ Prime Contracts

730+ Professionals supporting over two dozen Federal Contracts and Task Orders

WHAT REAL DIGITAL TRANSFORMATION MEANS FOR YOU

EMERGING TECHNOLOGIES
Enable adoption of emerging technologies like AI, ML, and RPA to automate legacy business processes and improve efficiency. Develop multi-tenant data analytics platforms and provide data visualization.

CLOUD SOLUTIONS
Utilize commercial (AWS, Azure) and government-sponsored (Cloud One) cloud services to develop new applications and migrate legacy applications using software factory (DevSecOps) pipeline.

TECHNOLOGY INNOVATION
Fast-track application development using software factory. Built a dynamic form-generation platform (CelerForm) to develop complex form-based applications. Offer complimentary PoCs & demos to our customers.

APPIAN SOLUTIONS
Evaluate, implement, and migrate legacy applications and processes to the Appian platform, as exemplified in our successful modernization of CON-IT & ACWS.

SALESFORCE SOLUTIONS
Evaluate, implement, and migrate legacy applications and processes to the Salesforce platform as exemplified by our specialized teams upgrading critical business systems for the USCG and USDA.

OUR CUSTOMERS

> "...Thanks again for all you have done for the USAF—this has helped us considerably and I'll see that your CPARS is reflective accordingly."
>
> **AF AQCI customer on Synergy using AF Platform One Certificate to Field (ATO) process to deploy the BCRT application on AF CloudOne in little over a month**

> "...the sheer amount of work all of you have put into this effort in the three months since the start has me excited about the next phase of the project. This is a herculean effort for sure... thanks for everyone's hard work."
>
> **USCG Federal Cybersecurity Lead on our STIG assessment and remediation effort for 50+ applications**
