## Unlock the power of data with MuleSoft and Globant

As a long-time **Salesforce and MuleSoft partner**, Globant has decades of experience creating innovative solutions that help clients define an end-to-end **integration and automation strategy that is fast, flexible, and scalable**. We help clients:

- Unlock and unify data fast:** Connect data from any system, no matter where it resides, to deliver connected experiences instantly.
- Empower the business with APIs:** Discover and reuse APIs and integration assets and extend core capabilities to partners, customers, and developers.
- Create connected experiences that scale:** Create new revenue opportunities and connected experiences with easy-to-use integration templates and customizable APIs.
