

MANAGED SALESFORCE SERVICE

Finding and maintaining customers in an already flooded market is not easy. Businesses need to come up with strategies to help find customers, win them and keep them happy.

Vorombotech offers you a managed salesforce service that will provide expertise to make your investment a reality and capture your business value without having to bring in additional full-time personnel. Regardless of the Salesforce stage, you might be in, our team of experts will work with you to ensure that your Salesforce achieves its maximum potential.

Our Services

Strategic Planning

Our team of experts will walk with you throughout the planning stage to the long-term actualization.

Salesforce Optimization

We will smoothen the process of integrating new functionalities with existing ones to blend your business processes.

Consulting

We conduct an analysis of your business needs and make recommendations on how they can be addressed with Salesforce

Implementation of Salesforce

We deploy salesforce solutions and add additional functionalities over the cloud to ensure that all your business needs are fully catered for.

Integration with third-party systems

We integrate Salesforce with third-party systems such as ERPs to ensure a smooth user experience.

Support and Evaluation

We continually manage your Salesforce and provide constant monitoring which includes security checks. We also provide user training and end-user support.

Customization

Our team of experts will walk with you throughout the planning stage to the long-term actualization.

Benefits

No downtimes

We handle all Salesforce maintenance and administration and allow your employees to focus on work without having to worry about system-related issues.

Saves on time and resources

You only pay for what you need and when you need it. Full stop.

Reduced overheads

You won't have to maintain highly skilled expertise on-premise since we will provide all the skills you need.

Competitive packages

We offer very competitive packages to our clients.

Future planning

Having Vorombotech manage your Salesforce will allow you more time to think about future growth and developments.

Access to a pool of experts

At Vorombotech, we give you access to a pool of skilled experts for a fraction of what you would pay when hiring full-time experts.

Flexibility

We offer specially tailored solutions to meet specific business needs.

Minimal Management Efforts

We work on your business process needs and deliver required system changes without requiring supervision and management efforts by your managers.
