

# QB- SF Integration

# QUICKBOOK INTEGRATION WITH SALESFORCE

## Approach 1

We will integrate Quickbook with salesforce using a third party tool. It will help to synchronize the customers, product and services, estimates, payment and invoices from Quickbook to Salesforce or vice versa.

## Approach 2

We can integrate Quickbook with Salesforce using API's.

We have implemented it for one of our client. Kindly refer to below link to get to know more about custom integration of Quickbook with Salesforce.

## Assumptions:

- For Approach1, client will buy an app which we will use for connecting quickbook with salesforce.
- The standard limitations of the app will be considered. Also, the connector for approach 1 will only work for Quickbook online app.
- For Approach2, the estimate for custom integration will be provided after getting complete requirement from Client.
