Brooke

Are you struggling to keep the right technical talent in your team?

Brooke offers expert Salesforce and MuleSoft resources to augment your existing project teams as you deliver digital transformation programs of work, from project initiation to business as usual.

Unlike traditional staffing agencies and as a leading digital transformation consultancy, Brooke has proven experience delivering Salesforce and MuleSoft projects to solve client problems. Therefore, we know what great looks like when it comes to identifying the right profile fit for your project's contingent resource needs. We focus on finding the best skills available in market for your role, with the right industry experience needed to achieve your business outcomes.

We offer the following industry specific Salesforce and MuleSoft resources and services:

Resources Available

- Technical Architects
- Solution Architects
- Project Managers
- Development Leads
- Developers (all levels)
- Functional Consultants
- Change Managers
- Testers

Augmentation Services Offered

- Contract Staffing Services
- Contract to Permanent Hire Staffing Services
- Team Based Staffing Services
- Project Based Staffing Services & Project Work
- Onsite or Onshore Remote Staffing Services

### How our solution delivers value to you

- Only the highest quality resources: We know what it takes to deliver great outcomes. As an industry expert in Salesforce PSS and MuleSoft, we understand the importance of having the right team to help solve your problems and drive your business case outcomes.

- Fully vetted talent: While experience and certifications are important, we prioritise skills, attitude and the ability to meet your requirements. We can attain talent with the relevant visa status and security clearances required for your project.

- Reduced staffing and training costs, improved productivity, risk mitigation.

- Client centric delivery model: We take a partnership approach to every engagement.

Why choose Brooke?

- We are Public Sector industry experts, with deep experience in Australian Federal and State Government and Agencies
