

**CloudFirst**  
LABS

At CloudFirst Labs we are dedicated to our customers. As Salesforce® experts, we deliver premier service aligned with your goals, your mission, and your budget.

Our packaged QuickStart implementation for Experience Cloud starts at \$6,000\* for one Object. It is designed to quickly get you up and running with a basic deployment using best practices and ready for expansion!

\*requirements not covered by included features will be scoped and priced separately

## Experience Cloud QuickStart Features:

- Requirements gathering and a design session
- 1 hour of user training
- Setup Salesforce Experience Cloud including:
  - Clone standard Experience Cloud Profile
  - Remove rights and access from the cloned profile for the selected object
  - Design object customizations and functionality based on requirements gathering
    - Determine the Object properties to display
    - Choose Read-Only vs. Edit access on the Object
  - Configure the Profile based on these settings
  - Identify and configure Sharing Settings
  - Reassign Object List View filter sharing rules for internal vs. external users
  - Create Experience Cloud
  - Create Page Layouts for the Object on Experience Cloud
  - Adjust email addresses and email templates
  - Add an Experience Cloud User Creation process for Contacts
  - Document User Creation process
