4.8/5 CSAT score

Why Oktana

Expertise. We can architect, build and connect any system to Salesforce. Founded in 2014, we have grown to the size we are today organically.

Collaboration. We not only overlap with your timezone, our onshore/nearshore teams are culturally aligned. We are Agile, flexible and our customers' average partnership of 4+ years.

Growth. We continuously train to expand our knowledge of languages, frameworks and Salesforce technologies to enable your innovation.

Trust. We are SOC 2 certified and maintain a rigorous compliance program to ensure data security. We code and implement with Salesforce best practices in mind.

Our Services

Project Implementation

With 10+ years of experience in project based delivery, we can help you from ideation to production, with the appropriate level of engagement.

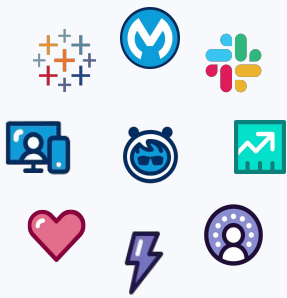

Salesforce Optimization

We build the right team to deliver ongoing managed services across complex, multi-cloud Salesforce implementations.

Staff Augmentation

From a team of one to a team of many, we enable you to scale as needs arise, short-term or long-term, and any language, framework or technology.

We Can Implement

Agentforce
Data Cloud

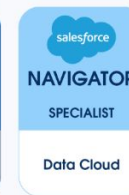

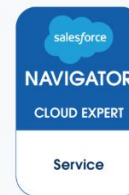

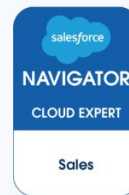

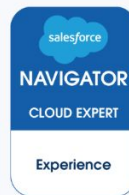

MuleSoft
Einstein AI

Heroku
Tableau

Sales Cloud
Service Cloud
