

CLOUD EXPERTS FOR LIFE SCIENCES LEADERS

Certified Life Sciences Partner Network Member

For over 15 years, Mavens have been the **cloud experts for Life Sciences leaders**. We help teams unlock more value from Salesforce with our deep industry expertise.

Mavens®, a Komodo Health company, guides Life Sciences organizations to move faster and smarter by combining deep Salesforce product expertise with Komodo Health's real-world data.

Whether you're modernizing Medical Affairs or transforming Commercial operations, Mavens brings the strategy, execution, and insight you need to make it happen without the complexity.

“Designing and building a new system has been an exciting and courageous journey. We were able to realize some **innovative solutions** we wanted to incorporate into our system to advance our publications practice.”

Catherine Skobe, MPH

Sr. Director, Publications Innovative
Solutions Lead, Pfizer

Mavens Industry-Leading Solutions and Services

We don't just implement Salesforce — we build the future of Life Sciences on it. Our products are purpose-built to solve the industry's toughest challenges, all powered by Salesforce.

Publications

Streamline the complete publications process with a solution built for impact.

Research & Grants

Leverage a powerful and flexible Life Sciences specific platform to support all request types.

Regulated Content Management

Easily collaborate on, approve, and disseminate scientific information across Medical Affairs.

Medical Information

Speed medical inquiry responses with omnichannel scientific exchange and seamless integration.

Care Connect

Manage complex therapeutic patient journeys and engage with stakeholders on any channel.

Commercial Transformation

Support commercial transformation through Life Sciences Cloud, Agentforce, Data Cloud, and more.
