# Salesforce Consultation Services

---

## About Me:

Senior Salesforce Consultant with 7+ years across multi-cloud environments including FSC, NPSP (now NPC) and CPQ. I help organizations implement scalable, efficient Salesforce solutions aligned to their industry needs.

---

## Services Offered:

- Platform and org assessment
  - Data model design
  - Automation and flow optimization
  - Non-Profit setup
  - Education Cloud Quick Setup
  - Integration strategies
  - Implementation Roadmap
  - User training and documentation
- 

## What you can expect from the call:

Each session is tailored to your needs. I will answer your questions, review your goals and leave you with a clear plan of action, in addition to any follow up documents (Tentative plan, strategy roadmap, timeline approximation, etc.)
