1

WHAT'S HAPPENING?

Salesforce can now “team up” with AI giants like **GPT, Claude, and Gemini.**

Think: your CRM, but on caffeine.

2

WHY IT'S COOL

- Emails that write themselves
- Support that never sleeps
- Customer insights before you even ask

3

BUILT-IN SAFETY NET

The “Trust Layer” keeps things:

- Secure
- Compliant
- No wild AI improvisations

4

WHY IT MATTERS

- Your **CRM** stops being just a record-keeper.
- It becomes a **growth engine** that talks, thinks, and learns.
