Real Use Cases, Real Outcomes

FAQ Assistant: Answer common questions like *"How do I reset my password?"* to reduce support tickets and give instant answers.

Record Retriever: Let customers ask *"Where's my order?"* and get faster resolutions with less load on your team.

Claims Lookup: Respond to *"Has my claim been processed?"* and reduce wait times while improving customer experience.

Booking Info Access: Handle questions like *"When is my appointment?"* through 24/7 self-service, no agent required.

BYO Use Case: Got Salesforce data? We'll tailor the logic to suit your unique customer flow.
