

Stripe Salesforce Integration

*Connect Payments to
Your CRM—Starting*
+ 20 Hrs Free Post-Launch Support

\$1399*

Built for Growing Businesses

If you're using Stripe for payments and Salesforce to manage leads, this package is for you. We help small and mid-sized businesses automate payment tracking, centralize customer data, and eliminate manual work—so you can focus on growing revenue.

Why SMBs Need This

Tired of
switching
between Stripe
and Salesforce?

Losing visibility
on which deals
are actually
paid?

Struggling
with manual
reconciliation?

We simplify everything with an affordable, scalable integration—using **Zapier**, **n8n**, or **Stripe's Managed Package**, depending on your setup and budget.

What's Included for **\$1399***

Integration Planning

- Map payment flow.
- Choose best-fit tool (Zapier, n8n, or Stripe App)

Setup & Connection

- Connect Stripe + Salesforce
- Enable data sync

Smart Automations

- Auto-update records
- Trigger payment alerts

Custom Fields & Objects

- Add Stripe fields
- Optional custom object

Dashboards & Reports

- Revenue tracking
- Deal-to-cash insights

Training & Support

- Live walkthrough
- 1-week post-launch help

Why SMBs Love This

- No-code & low-code options for budget flexibility
- End-to-end visibility from lead to payment
- Streamlined cash flow management
- Fast turnaround & real people support
- Built by certified Salesforce experts who understand SMBs

Bonus

**20 Hrs Free
Support**

after go-live to help with tweaks,
adoption, or training.
