

Beyond the Quick Fix:

How mindzvue Drove 3+ Years of Salesforce Success for a Global Manufacturer

The Challenge:

A global connectivity manufacturer struggled with internal connectivity issues: isolated production data impeded proactive maintenance, manual reporting consumed 40+ hours weekly, executive decision-making was delayed, and customers lacked real-time order visibility.

The Solution:

mindZvue's three-year partnership resolved connectivity issues by optimizing Salesforce: breaking data silos for proactive maintenance, automating reporting, and enabling real-time dashboards for faster decisions. Ongoing support and training ensured sustained effectiveness.

The Results: A \$3.5M Revenue Uplift

- ✓ 46% Faster Sales Cycles
- ✓ 91% Salesforce Adoption
- ✓ 47% Faster Service Resolutions
- ✓ 8X Faster CPQ Process

Before mindZvue, our teams resisted using Salesforce. Now, it's our competitive advantage. The efficiency gains and revenue impact have been game-changing.
