Empowering – Partners Across The Globe

RAJEEV NOWHAR
CEO – REALTY BI

“What the Tugboat team has created is a “benchmark” in a highly technical field. Home Loan providers have struggled with this vital piece so far and the solution provided is a winner all the way!”

SATISH SRIVATSAV
DIRECTOR – CIBER

“Tugboat team has helped us build a solution for US State and Local government on Force platform. The solution was built on time and budget and met all the requirements. They brought in right experience and attitude which ultimately made the project successful. I will be glad to work with the team again in near future!”

SIVA COLUMBUS
VP – JIFFLENOW

“Tugboat provided the needed expertise of integrating our solution to Salesforce, work with us to have the security review approved, deploy our app on AppExchange and also handhold us for our successful implementations. The team is easy to work with and great company to partner with!! ”

TREVOR McDOUGALL
COO – CLUEY LEARNING

“We have been working with Tugboat for the last 2 years, over that time the team has helped us transform our SFDC instance to manage every part of our business. The dedicated team we work with knows our business and consistently delivers on time and to a high standard. Sometimes using offshore teams can be complex but with the team at Tugboat we have a partner committed to making it work.”
