

Evotize Tech — Company Overview

Certified Salesforce Consulting Partner · Pune, India

We help growing businesses unlock the full potential of Salesforce — through smart implementations, custom-built solutions, and AI-powered automation that fits the way you actually work.

Who we are

Evotize Tech is a certified Salesforce Consulting Partner based in Pune, India. We are a focused team of 18 consultants including 5 certified Salesforce professionals, dedicated entirely to delivering Salesforce solutions for businesses across India and internationally. Founded in 2025, we bring together deep technical expertise and a genuine commitment to making Salesforce work for your specific business — not just out of the box.

What makes us different

Senior-led engagements Every project is run by a certified Salesforce consultant from day one. You will never be handed off to a junior resource.

Focused and agile As a lean specialist firm, we move faster, communicate directly, and stay close to your project throughout delivery.

Outcome-focused We measure success by whether your team adopts Salesforce and your business sees results — not just whether a project goes live.

India-based, globally capable Competitive rates without compromise on quality, communication, or Salesforce expertise.
