

Glumes IT helps mid-market and enterprise organizations implement, optimize, and scale Salesforce. We combine certified technical depth with business-process expertise to deliver solutions that are adopted, not just deployed.

CAPABILITIES

Salesforce Implementation	End-to-end delivery of Sales, Service, Experience, Revenue, Data, and Nonprofit Cloud.
Managed Services	Ongoing admin, support, releases, and roadmap planning on a flexible subscription.
Data Cloud & Agentforce	Unified customer profiles, AI-driven actions, and agent deployment.
Revenue Cloud / CPQ	Guided selling, pricing governance, subscription billing, and renewal automation.
MuleSoft Integration	Connect Salesforce to ERP, data warehouses, and third-party applications.
Org Health Check	A free assessment of security, performance, architecture, and adoption gaps.

WHY GLUMES

25+ Certified consultants & architects	90+ Successful Salesforce engagements	30+ Active certifications across clouds
